Recommendations – I.

1. Partnerships should be recognized as an integral part of both policy design and delivery at all governance levels.
2. Partnerships should be used to foster social innovation, stimulate change and mobilise reforms.
3. Partnerships should contribute to the enhancement of policy outcomes from programmes, policies and actions.

Recommendations – II.

4. Systematic learning from partnerships should be enhanced.
5. Adequate resources should be provided for successful partnership implementation.
6. Comprehensive efforts should be made to improve policy planning and delivery via partnerships.
